FOR IMMEDIATE RELEASE

A CREATIVE DIVISION THAT UNITES  
RTL Networks, Inc. adds new Media Division

**Denver, Colo., August 29, 2008-** Technology solutions company, RTL Networks, Inc. has added a new division to its ever growing enterprise. As of August 2008, RTL Media launched its full-service media production services from its new office in McLean, Virginia. The media division of RTL Networks, Inc. offers the latest technology, creative talent, interactive tools and multimedia design & development. RTL Media will provide turn-key solutions for its clients in order to attract, move, inform and retain audiences.

RTL Media has its own logo which echos that of its parent company, RTL Networks, Inc. RTL Media has already begun to establish clean, professional branding for its elite service offerings. The goal of RTL Media is to provide seamless integration of all production components adding, the benefits of speed, flexibility and creative options. The unique media production company can accommodate project requirements ranging from video to print materials of various sizes and quantities.

The location of RTL Media in the Washington D.C. area places the company amongst many government entities that can make use of the company's various professional service offerings as well its many certifications. As a creative communications company, RTL Media specializes in developing strategies from concept to completion for television and other multimedia production capabilities. The creative concept of the media solutions division came into fruition with Mr. Monte Ivey.

RTL Media's experienced staff can also assist with clients with creating content that can be used in multiple formats, which maximizes value, flexibility and uniformity for their brand. The RTL Media staff sports their expertise by producing a broad array of video content for clients, from 20-minute product pieces to 5-minute presentations and 30-second television commercials.

Based in Denver, RTL Networks Inc. is a certified technology company, focused on helping customers leverage technology to meet business objectives. RTL Networks, Inc. delivers a full range of products and services focused on helping its Department of Defense, Federal government and commercial customers meet their business objectives, increase productivity and maximize performance and security of their security assets.
