FOR IMMEDIATE RELEASE

METHODOLOGIES FOR GREATER HORIZONS
RTL Networks, Inc. Welcomes National Sales Director

Denver, CO, June 5, 2008- As of April 2008, RTL Networks, Inc. welcomed its new National Sales Director Shaun Risley into the rapidly expanding company. Mr. Risley brings a wealth of sales knowledge and experience to the company which spells out new methodologies for RTL Networks, Inc. and its sales approach.

Shaun Risley may be a fresh face for RTL Networks but he has over fifteen years of experience in various interfaces of the IT industry. Mr. Risley is well experienced in developing and managing sales strategies for IT technology firms; he is especially experienced in the area of business development for the federal markets. Shaun Risley has worked for IT manufacturers, integrators and distributors such as: Comstor, Global Technology Resources Inc. and GE IT Solutions.

Mr. Risley says that RTL Networks, Inc. provides him with the opportunity to build and manage a national sales force that can support IT initiatives with qualified engineers. As the National Sales Director of RTL Networks, Inc., Shaun Risley will focus on developing marketing strategies, sales methodologies, vendor relationships and RTL's technology offerings for the Commercial and Federal markets.

Mr. Risley has experience with IT technologies including VoIP, Enterprise Security, LAN/WAN, Video, Storage and Wireless solutions. He also has experience with IT consulting and design strategies for sales force development, account management, profit-loss management and budget analysis. Shaun Risley is an excellent addition to RTL Networks, Inc. and his experience will play an essential role in the company's growth.

Based in Denver, RTL Networks Inc. is a certified technology company, focused on helping customers leverage technology to meet business objectives. RTL delivers a full range of products and services focused on helping its Department of Defense, Federal government and commercial customers meet their business objectives, increase productivity and maximize performance and security of their security assets.
