Denver, Colo., October 4, 2011- RTL Networks, Inc. has announced that it has been recognized as the 32nd fastest growing solution provider by Everything Channel on the 2011 CRN Fast Growth 100 list. The ranking is based on two years' growth of net sales from calendar year 2008 to calendar year 2010. RTL Networks, Inc. has maintained growth over the last few years, despite a recessed economy, by continuing its mission to meet and exceed customer expectations.

"As a channel reseller of quality hardware and software products and hardware; to be recognized by Everything Channel, a premier provider of channel-focused research and consulting, events, media and custom solutions for the technology industry, is a great honor," said Richard Lewis, "The RTL Networks Team takes great pride in its work and its strong customer-focused culture. We will continue to be aggressive in our efforts to stay 'in front' of the technology curve and to thoughtfully anticipate the needs and direction of our customers.

The CRN Fast 100 list recognizes the fastest growing solution providers in North America. Companies on the Fast Growth 100 list average a two-year revenue growth of 130 percent. 2011 CRN Fast Growth companies will be recognized during the annual conference, taking place October 5-6 at the Doral Resort in Miami.

"This year's Fast Growth 100 list reflects the high growth potential for solution providers offering innovative products, solutions and services," said Kelley Damore, Vice President and Editorial Director for Everything Channel.
