FOR IMMEDIATE RELEASE

GOOD FOOTING IN PROPER SOIL
Strategic New Location for RTL Networks, Inc.

Denver, CO- May 20, 2008- Location is one of the more crucial elements of survival for a small business. RTL Networks, Inc. has managed to be in the right place at the right time since its start up in 2002. The company now has a new location at: 5170 N. Union Boulevard, Colorado Springs, Colorado, 80918. The new location for RTL Networks, Inc. will join the company's other locations including its office located in Metro Washington, D.C. and its headquarters in Denver.

The Colorado Springs office is an important foothold for RTL Networks, Inc. With the large Department of Defense presence in Colorado Springs, the new office location is a prime market placement for RTL Networks, Inc. One of the largest Cisco Smartnet contracts is held by RTL Networks, Inc. with the 50th Space Wing Command based at Schriever Air Force Base located in Colorado Springs. The 50th Space Wing unit commands and controls more than 170 satellites for the Department of Defense.

RTL Networks, Inc. will now be able to show a physical presence in Colorado Springs which will aid in the service and maintenance of the solutions it provides for its customers. RTL Networks, Inc. offers a wide range of technology products to the public and private sectors including commercial businesses as well as State, Local and Federal governments.

Based in Denver, RTL Networks Inc. is a certified technology company, focused on helping customers leverage technology to meet business objectives. RTL Networks, Inc. delivers a full range of products and services focused on helping its Department of Defense, Federal government and commercial customers meet their business objectives, increase productivity and maximize performance and security of their security assets.
