FOR IMMEDIATE RELEASE

CLIMBING THE RANKS  
RTL Networks, Inc. Makes Denver Business Journal List

**Denver, Colo., August 12, 2009-** Each week, the Denver Business Journal publishes a list of Denver's top ranked businesses by category. RTL Networks, Inc. was featured in the June 26 through July 2, 2009 Denver Business Journal's list of the top 25 Denver-Area Minority-Owned Businesses ranked by revenue. This is the first year that RTL Networks, Inc. has been recognized by the Denver Business Journal on The List as a minority-owned business in the metro area.

All of the lists published in Denver's weekly business journal provide a detailed analysis of the corporate, professional and industrial segments of the city. RTL Networks, Inc. has maintained steady growth since its establishment in 2002, and from 2007 to 2008, RTL Networks, Inc. grew from 8 employees to 48 employees. This increase in size and revenue has earned RTL Networks, Inc. the rank of 14 among the state's top 25 minority owned businesses as identified by the Denver Business Journal and also ranks RTL Networks, Inc. as the 4<sup>th</sup> fastest growing firm within the Flight IV private companies in the state.

The weekly lists published by the Denver Business Journal are reprinted and compiled into an annual book of lists that are available for purchase. The Denver journal collects the research for each list internally at no cost to the companies considered for the lists. The Book of Lists provides readers with a list of the city's most successful companies as well as the names of key decision makers, their titles and contact information. This makes the Book of Lists ideal for prospecting, research and job hunting.

Headquartered in Denver, RTL Networks Inc. is a certified technology company, focused on helping customers leverage technology to meet business objectives. RTL Networks, Inc. delivers a full range of products and services focused on helping its Department of Defense, Federal government and commercial customers meet their business objectives, increase productivity and maximize performance and security of their operational assets.
