**FOR IMMEDIATE RELEASE**

**RTL NETWORKS, INC. FEATURED ON NATIONALLY-SYNDICATED  
STARTUPNATION® RADIO BROADCAST WITH DENVER'S MAYOR, JOHN  
HICKENLOOPER**

DENVER, CO-- Tune in to the upcoming **StartupNation®** ([www.startupnation.com](http://www.startupnation.com)) radio program, featuring **Richard Lewis, PRESIDENT/CEO - RTL NETWORKS, INC.**, along with the **Mayor of Denver, John Hickenlooper**, a successful and respected entrepreneur and one of TIME Magazine's the top five big-city mayors in America (April 2005). Listen as the two discuss the topic of entrepreneurship and offer helpful hints and strategies on how to penetrate the marketplace and build a successful business. This radio show will air on June 25<sup>th</sup> and 26<sup>th</sup> at 7pm EST/5pm MST and will be archived thereafter on the StartupNation website [http://www.startupnation.com/pages/radio/RD\\_June25\\_2005.asp](http://www.startupnation.com/pages/radio/RD_June25_2005.asp).  
Go to [www.startupnation.com](http://www.startupnation.com) to find a radio station near you!

StartupNation: "We are thrilled with your [RTL Networks, Inc.] recent participation on the nationally-syndicated StartupNation® Radio program." And why not? RTL Networks, Inc. is a minority owned firm with more than three successful years of experience dealing

with commercial, Department of Defense (DoD), Federal, state and local governmental organizations. RTL Networks, Inc. boasts satisfied customers ranging from the White House to the National Basketball Association (NBA) and has thrived in the areas of hardware and software product sales and services despite very tough economic conditions. RTL Networks, Inc. credits much its success to its highly skilled engineers and a time tested methodology to ensure the quality of every engagement. RTL Networks sells products from a variety of vendors, such as Cisco Systems, Konica-Minolta and Extreme Networks around the world and provides services to multiple regions throughout the country. Services offered by RTL Networks, Inc. include:

- Network Architecture Planning, Design and Implementation
- Network Infrastructure Assessments and Baselineing
- Network Security Policy and Framework Development
- IT Strategic Planning and Roadmap Development
- Program and Project Management
- Cable Splicing and Installation
- Staff Augmentation
- Network Maintenance
